

ABOB: Hybrid matte blackout roll-up film

ABOB is the perfect film for any indoor display, roll-up banner, pop-in display, and indoor window graphic when used with our mounting adhesive. The bright white coating gives color a boost and the PET center keeps it from curling. It is recommended that you laminate using Que Media Millennium film.

Benefits:

- Instant Dry Coating for Increased Productions Times
- Water Resistant
- Strong & Durable with Very Good Stay Flat

Applications:

- White Back Roll-up Film
- Trade Show Pop-In's when Laminated
- Inside Mounted Graphics with CLMNTD

Registered Latex Developer

This media is designed for digital printing applications using OEM printers with their accompanying OEM ink sets. Although designed for all printers using the aforementioned OEM matching ink sets; actual results may vary depending on printer model, age, print design, environmental conditions, and other factors. Exposure of a print to atmospheric pollutants, or to temperature, humidity, and / or lighting extremes can result in fading, color shifting, or other visual changes. The ideal conditions for printing and storage are a temperature of 70°F ±5°F and relative humidity of 50% RH ±3% RH. Our wide format media is guaranteed against manufacturing flaws and defects and is designed to resist printer jams when used properly.
