Aqueous Matte Media

QM-REMWRPP: 7 Mil Matte Polypropylene with Removable Adhesive

This is the perfect product for window graphics. Far easier to put up and remove when compared to vinyl. Water is not usually needed to install. Just pull back the liner at the top of the graphic and squeegee on down. Adhesive has a medium tack. This is perfect for retail environments that don't have professional installers available. When it's time to change out the graphic, simply pull up the edge then continue until completely removed. No adhesive residue will be left behind. Water resistant.

Benefits:

- Water Resistant
- Non-glare Matte Finish
- Tear Resistant
- Economical
- Removable Adhesive

Applications

- Best for Flat Mounting
- Glass or Non-porous Surfaces Only
- Decals and POP Signage

This media is designed for digital printing applications using OEM printers with their accompanying OEM ink sets. Although designed for all printers using the aforementioned OEM matching ink sets; actual results may vary depending on printer model, age, print design, environmental conditions, and other factors. Exposure of a print to atmospheric pollutants, or to temperature, humidity, and / or lighting extremes can result in fading, color shifting, or other visual changes. The ideal conditions for printing and storage are a temperature of 70°F ±5°F and relative humidity of 50% RH ±3% RH. Our wide format media is guaranteed against manufacturing flaws and defects and is designed to resist printer jams when used properly.
