QM-SGLP9: High Gloss Photo Paper

This is not like the “standard” solvent photo papers on the market. QM-SGLP9 is a true, professional grade (RC coated), high gloss photo paper that produces exceptional results. The paper stock is a nice heavier weight. It can be used with any eco solvent, latex and UV print systems.

Benefits:

- True RC Photo Paper
- High Gloss Finish
- Heavy Paper Stock

Applications:

- Photo Reproduction
- Gallery and Artist Renditions
- Wedding Photography
- High-end Posters

Registered Latex Developer

This media is designed for digital printing applications using OEM printers with their accompanying OEM ink sets. Although designed for all printers using the aforementioned OEM matching ink sets; actual results may vary depending on printer model, age, print design, environmental conditions, and other factors. Exposure of a print to atmospheric pollutants, or to temperature, humidity, and / or lighting extremes can result in fading, color shifting, or other visual changes. The ideal conditions for printing and storage are a temperature of 70°F ±5°F and relative humidity of 50% RH ±3% RH. Our wide format media is guaranteed against manufacturing flaws and defects and is designed to resist printer jams when used properly.
