

QM-SUBRG: Hybrid textured satin grey back blackout film

This rich, anti-glare texture will show exceptionally well in banner stand applications. The dark gray back will keep your images bright with no wash-out. Designed to lay-flat, this hybrid film is a cost effective option over PET film.

Benefits:

- Dark Gray Back for Blockout
- Scratch Resistant
- Anti-Glare Textured Finish
- Excellent Stay-Flat Properties

Applications:

- Roll-Up Banners
- Indoor/Outdoor Signage
- Poster POP
- Movie Posters & Product Spotlights

Registered Latex Developer

This media is designed for digital printing applications using OEM printers with their accompanying OEM ink sets. Although designed for all printers using the aforementioned OEM matching ink sets; actual results may vary depending on printer model, age, print design, environmental conditions, and other factors. Exposure of a print to atmospheric pollutants, or to temperature, humidity, and / or lighting extremes can result in fading, color shifting, or other visual changes. The ideal conditions for printing and storage are a temperature of 70°F ±5°F and relative humidity of 50% RH ±3% RH. Our wide format media is guaranteed against manufacturing flaws and defects and is designed to resist printer jams when used properly.
